The College has established standards for admission to assist students with their transition to college studies. The College affirms its policies of equal opportunity and open admissions. All applicants for admission are considered solely upon the basis of individual qualifications without regard to the applicant's race, ethnicity, age, religion, national origin, gender, disability, or marital status. The College reserves the right to deny admission to any applicant about whom there is evidence the individual may be disruptive or may interfere with the orderly conduct processes, functions, or programs of the College.

The College has established standards of academic progress. These standards are to assist students who, because of unsatisfactory academic performance, may experience difficulty in achieving a worthwhile educational objective at the college level. The defined standards of progress are designed to achieve the following:

1. Protect the student from prolonged unsatisfactory performance since continued low achievement will cause the student to forfeit an opportunity to earn a college degree;

2. Assist the student in reevaluating educational goals and in selecting a program of study and/or curriculum appropriate for his/her interests, needs, and abilities.

Procedures and criteria shall be developed by the College to determine and track the academic progress of students.

Link to Marked-Up Policy
The College has established standards for class participation and attendance by the student.

**Traditional Courses**

All students enrolled in the courses with traditional formats are expected to attend all classes because regular attendance and regular application constitute the two most significant factors that promote success in college work. Until midterm during fall and spring terms, any student absent from any class for more than that class meets in any one week may be withdrawn by administrative action (AW grade).

During the summer sessions, similar action may be taken if a student is absent from any day class for more than two times in Term A or Term B or for more than three times in Term C. Any student absent from any evening class for more than one evening in Term A or Term B or for more than two evenings in Term C may also be administratively withdrawn.

Official class attendance begins on the first day of class unless the student registers during drop and add. For students who register during drop and add, the official attendance begins on the day the student registers. Students reporting to class late or leaving early may be considered by their instructor to be absent. Students are responsible for completion of all work assigned in class whether they are present or not. In case of absence, it is the responsibility of the student to contact the instructor.

For absences due to jury duty, court-mandated appearances, College-sponsored activities approved by the President, or religious holidays, the student must provide prior notification to the instructor. Students may be required to present specific documentation upon request. It will be the responsibility of the student to make arrangements with the instructor before the absence to make up any missed assignments. Students who feel they have been unreasonably denied an educational benefit because of religious beliefs, jury duty, or other court mandated appearances should contact the Vice President for Academic Affairs.

**Courses with Alternative Formats**
For College courses taught in varied formats such as Self-Paced Instruction (SPI), television courses, and distance learning, expectations for participation and progress will vary by delivery mode and will be outlined in the course syllabus. Any student who fails to progress at the minimum level stipulated may be withdrawn by administrative action (AW grade).

**Adult Education and GED Preparation Courses**

Instruction in these areas is individually designed to meet the needs of the student. Class participation requirements will vary based upon delivery mode.

[Link to Marked-Up Policy]
The College has established official drop and add course deadlines for each academic term. Students must drop a course during the official drop period to receive a full refund of tuition and fees.
The College has one withdrawal deadline, which is the equivalent to the midpoint of the term for each session. The withdrawal policy applies to all credit students, including distance learning. The student must initiate the withdrawal process before the deadline.

Deadlines for withdrawal in SPI courses or courses taught in a compressed format will be determined by the appropriate office and provided to the student.

In accordance with State Board of Education Rule 6A-14.0301, students are permitted a maximum of two (2) withdrawals per course. Upon the third attempt, the student will not be permitted to withdraw and will receive a grade for that course.

Students seeking a withdrawal and who submit their request before the withdrawal deadline will receive a grade of W recorded upon their permanent record for each course in which they were enrolled at the time of withdrawal. Refunds of tuition are not granted for a withdrawal. Students who stop attending classes without filing official withdrawal forms will receive a grade of "F" in each course, unless the instructor has issued an administrative withdrawal "AW."

The College recognizes on-campus student organizations exist to promote the social, moral, scholastic, physical, spiritual, cultural, and educational well-being of its students. Organizations seeking to be recognized and desiring to maintain recognition must fulfill registration procedures, methods, and standards established by the Office of Student Activities. All student organizations are expected to adhere to all college policies, city, state, and federal laws, and any other rules and regulations governing student organizations.

Student organizations must be comprised of TCC students who have paid the Student Activity & Service Fee for the current semester in which the student is a member or requests to become a member of the student organization.

All student organizations are required to register their organization with the Office of Student Activities on an annual basis to be recognized by TCC and to receive and/or use Student Activity and Service Fee funds.

Tallahassee Community College refrains from attempting to control or sway the personal opinions or beliefs of students or their organizations. Registration of groups does not mean that the College supports or adheres to the views held or positions taken by such groups.

The procedures, rules and regulations for establishing and maintaining registration status shall be developed by office responsible for the oversight of student organizations.
The intercollegiate athletic program is established as a part of the total education program of the College. The College adheres to regulations established by the National Junior College Athletic Association, the Florida Community College Activities Association, the rules of the State Board of Education and the Division of Florida Colleges, and the policies of the District Board of Trustees as they relate to the conduct of student athletes and the administration and financial control of the athletic program.

This policy relates to existing personnel policies and procedures and with them is designed to implement Section 1213, Higher Education Act of 1965, as amended by the Drug Free School and Communities Act of 1989 (P.L. LOL-226) (20 U.S.C.s1145g), Americans with Disabilities Act.

Hazing is prohibited at the College. Hazing is defined in Section 240.326(1) FS as follows:

As used in this section, 'hazing' means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a community college, hereinafter referred to as "community college organization." Such term includes, but is not limited to, any cruelty of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, liquor, drug, or other substance; or any other forced physical activity which could adversely affect the physical health or safety of the individual, and also includes any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or other forced activity which could adversely affect the mental health or dignity of the individual. For purposes of this section, any activity as described above upon which the initiation or admission into or affiliation with a community college organization is directly or indirectly conditioned shall be presumed to be a 'forced' activity, the willingness of an individual to participate in such activity notwithstanding.

Penalties for violation of this policy shall be administered in accordance with College policy 6Hx27:1012 subject, however, to any limitations or additional penalties contained in subsection 240.326(2)(a)1,2,3 FS set forth as follows.

1. Such penalties may include the imposition of fines, the withholding of diplomas or transcripts pending compliance with the rules or pending payment of fines, and the imposition of probation, suspension, or dismissal.
2. In the case of a community college organization that authorizes hazing in blatant disregard of such rules, penalties may also include rescission of permission for that organization to operate on campus property or to otherwise operate under the sanction of the community college.

3. All penalties imposed under the authority of this subsection shall be in addition to any penalty imposed for violation of any of the criminal laws of this state or for violation of any other community college rule to which the violator may be subject.

Subsection 240.326(2)(b) FS, further provides that "rules adopted pursuant hereto shall apply to acts conducted on or off campus whenever such acts are deemed to constitute hazing."

This policy shall be included in the bylaws of each organization operating under the sanction of Tallahassee Community College pursuant to Section 240.326(4) FS.

All cases of academic dishonesty shall be reported to the Student Judicial Office using the appropriate procedures and/or forms established through the Student Judicial Office. The Student Judicial Office, if it is determined appropriate, shall take the necessary disciplinary action against any student involved in alleged violation of academic honesty in accordance with College Policy 6Hx27:10-12 (Student Code of Conduct).

The District Board of Trustees, faculty, and staff of the College are determined that the campus be a place of learning, safety, shared responsibility, and harmony. To ensure this quality of life, the College reserves the right to remove any person who acts to impair or prevent the accomplishments of any of the College's lawful missions, processes, or activities. The faculty, staff, and students have an obligation to foster an atmosphere of mutual respect and high regard for the life and property of the College.

The Student Code of Conduct is intended to preserve the academic integrity and safety, health, welfare and well-being of the TCC community and its visitors, while creating learning opportunities and interventions which foster, promote and support the ethical and moral development of TCC students.

To this end, Tallahassee Community College (hereinafter referred to as TCC or the College) is committed to a community of learners through rational inquiry and cooperative resolution of controversial issues. To achieve and support the educational mission and goals of the college, in a safe environment where all students have the same opportunity to succeed academically, TCC shall establish regulations that set forth minimum standards for student behavior through Student Code of Conduct.

As a postsecondary institution of higher education, TCC encourages students to rise above the minimum standards, and work to build a community of learners where all members of the college community show respect for the views of others and to accept responsibility for their own actions. Individuals and groups have the right to the freedom of expression, but they must at all times respect the rights of others. The violation of TCC policies, rules and regulations is counterproductive to building a learning community. Hence, TCC will act
immediately to protect the life and property of TCC, while maintaining and balancing the rights of students and the TCC community. The right of every student to learn will be protected by implementing the Student Code of Conduct. Every student who accepts enrollment assumes the responsibility to become familiar with and to abide by College regulations and acceptable standards of conduct.

Students who fail to observe College regulations or to maintain acceptable standards of personal conduct on the campus or at College sponsored functions or facilities are subject to disciplinary action. If an enrolled student is formally charged with a violation of federal, state or local law, or with a delinquent act which would be a felony by a prosecuting attorney for an incident, or for conduct which may have an adverse impact on the educational program, discipline or welfare of the College, whether on or off campus, the College has the right to take disciplinary action in accordance with the procedures governing student conduct.

The College President or designee shall establish procedures, a disciplinary process and a student appeals process consistent with the civil and legal rights of student to receive equitable treatment in the area of student discipline. At a minimum, students formally charged with an alleged violation of the Student Code of Conduct or other College policy shall be afforded the right to:

- Clear and complete notice of the charge(s)
- An opportunity to review all information which is used for initiating the charges prior to a hearing or determination of responsibility
- A fair and impartial hearing
- An opportunity to present relevant evidence and information of his/her behalf, including the presentation of witnesses
- An opportunity to cross examine witnesses
- Accompaniment by an advisor of the student’s choice
- Withhold self-incriminating testimony
- Notification of the final decision in writing
- An appeal of the decision

The College reserves the right, to suspend, dismiss or expel any student from the College for a violation of the Student Code of Conduct, given due process and procedures are followed in accordance with the established procedures.

To administer this policy, the College shall establish, maintain and publish up-to-date procedures and processes in the Student Handbook, which shall include, but are not limited to:

1. Entity, department and/or college personnel responsible for the coordination, assessment and implementation of established procedures;

2. Procedures for reporting alleged violations of the Student Conduct Code;

No person shall, on the basis of race, age, religion, national origin, sex, disability, or marital status, be excluded from participation in, be denied the benefits of, or be subjected to discrimination or harassment under any education program or activity or in any employment conditions or practices of the College.

Evaluation, recruitment, consideration, and selection of candidates for employment shall be without regard to race, age, religion, national origin, sex, disability or marital status. Fair and equitable employment practices shall be applied for minorities, females, and persons with disabilities in the application of equal opportunity policies.

As an institution of higher education, the College reaffirms its policies of equal educational opportunity and open admissions.

Sexual Misconduct

The College does not condone sexual misconduct in any form and is committed to having a learning environment free from all forms of discrimination. Examples of misconduct that are prohibited include, but are not limited to, sexual battery, sexual harassment, indecent exposure, and lewd/lascivious behavior.
Campus-wide educational programs shall be provided for students, and information about these programs can be obtained by contacting the office of the Vice President for Student Affairs.

The College policy on sexual misconduct awareness and prevention shall be included in the orientation materials that new students receive when they arrive on campus. Orientation materials may also include information available from other sources.

**Sexual Harassment**

In the belief that students should be able to enjoy a learning environment free of unwelcomed, offensive and unsolicited advances of a sexual nature, it is College policy that sexual harassment of students at the College is unacceptable conduct and shall not be tolerated. Violation of this policy undermines the integrity of the educational relationship. Sexual harassment at the College is forbidden not only in a supervisory/subordinate relationship but also in a student/student or employee/student relationship.

Sexual harassment can be verbal, visual, or physical. It can be overt or it can consist of persistent, unwanted attempts to change a professional relationship to a personal one. Sexual harassment can range from inappropriate put-downs of individual persons and unwelcome sexual flirtations to more serious abuses.

Sexual harassment may involve the behavior of a person of either sex against a person of the opposite or same sex when that behavior falls within the following definition:

Sexual harassment of students at Tallahassee Community College is defined as any unwelcomed sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when one or both of the following apply:

1. Submission to or rejection of such conduct is used as the basis for decisions concerning the academic performance affecting that individual;

2. Such conduct has the purpose or effect of unreasonably interfering with an individual's educational experience or creates an intimidating, hostile, or offensive educational environment.

This policy has been developed for use by the appropriate college officials in handling disruptive student behaviors due to medical or psychological reasons where the matter has been referred to Student Judicial Office by the TCC Police Department or other appropriate college official.

However, in any case where the behavior of a student, regardless of reason or circumstance, substantially disrupts the orderly processes of the classroom or college and/or if a faculty/staff member has reasonable cause to believe the behavior has resulted in or may result in threatening or harmful conduct, the faculty/staff member should contact Campus Police for immediate assistance.

Campus Police will be responsible for taking the appropriate steps to refer the matter to the Student Judicial Office and/or Mental Health Professionals for immediate action. The professionals from the Student Judicial Office, Mental Health Services and/or other appropriate college officials will communicate and notify the reporting faculty/staff member as well as the appropriate academic dean(s) and vice presidents of all immediate action taken to address the matter within 48 hours of the incident is reported to Campus Police.

Tallahassee Community College (TCC) is committed to the well-being, welfare and safety of the college community and the integrity of its learning environment, while balancing the needs and rights of the student. There are situations that may arise where the behavior of a student due to medical or psychological reasons jeopardizes the well-being, welfare or safety of the college community and/or the student.

A student may be withdrawn from the College, if his or her disruptive behavior is a result of a medical or psychological reason, and that he/she:

1. is engaging or is likely to engage in behavior that presents a danger or harm to self or others;
2. disrupts the learning environment;

3. causes substantial property damage; or

4. renders the student unable to engage in basic activities necessary to obtain an education or satisfy basic social needs within the college community.

To address these types of behaviors, the College shall maintain up-to-date procedures to address disruptive student behaviors due to medical or psychological reasons, which include, but are not limited to the:

1. Entity, department and/or college personnel responsible for the coordination, assessment and implementation of established procedures;

2. Procedures for reporting such disruptive student behaviors;

3. Criteria and procedures used in determining whether this policy and established procedures should be enacted;

4. Specific procedures to be implemented and actions to be taken by the designated entity, department and/or college official if it is determined that this policy must be enacted;

5. Responsibilities and due process rights of the student allegedly involved in the disruptive student behavior;

6. Rights and responsibilities of the individual(s) reporting the alleged behavior(s);

7. Reasons and/or criteria when it is appropriate for a student to be immediately removed from the college in an emergency situation;

8. Reasons and/or criteria when it is appropriate for a student to be removed from the College, and the interventions/conditions for a student’s readmission to the College;

9. Reasons and/or criteria to determine whether a student can maintain his/her status at the College, and the conditions/restrictions for a student to remain at the college; and

10. Keeping, maintenance and confidentiality of records and the entity responsible for maintaining such records.

The College President is ultimately responsible for the approval of procedures and may designate the appropriate Vice President or college entity for the development, implementation, review and recommendation of such procedures and processes.
This policy does not replace the College’s Student Code of Conduct or disciplinary procedures established by the College which governs a student's behavior in violation of college policies, rules, or regulations. Therefore, it does not preclude a student's immediate removal from the college, or any unit, class, facility or program, for disciplinary reasons in the accordance with the provisions of the Student Conduct Code if it is deemed by the designated entity and/or college official the disciplinary process is appropriate in handling the behavioral issue.

Tallahassee Community College (TCC) is committed to promoting equality and diversity in student access to educational opportunities, while also fostering a commitment to protect the health, safety and welfare of the college community and its visitors. Hence, TCC reserves the right to review any applicant for admission with prior criminal violations of the law or disciplinary action at an educational institution. However, having a prior criminal violation of law or disciplinary action at an educational institution will not necessarily prevent a student from gaining admission or re-admission to the TCC.

All applicants with a criminal violation of law or disciplinary action for an educational institution are required to provide this information on the TCC application for admission. Failure to indicate a prior violation, regardless if prior to admission or during enrollment at TCC and such fact is subsequently determined by the college, may result in a denial of admission, revocation of admission or other disciplinary action up to and including expulsion. If a violation occurs after submission of the application, the applicant must submit this information immediately to the Student Judicial Office.

In cases involving a criminal violation of law, where the applicant is currently on probation, supervised release or incarcerated, or released from incarceration within the last year, the applicant may be required to submit all supporting court documents and a letter of recommendation from the supervising probation officer or correctional officer to the Student Judicial Office for review prior to admission to the College.

All violations are reviewed on a case by case basis in accordance with procedures and processes established by the Student Judicial Office to foster a reasonable balance between the college’s obligation to provide equality and access to education and its duty of care to the college community. The College reserves the right to:

1. set conditions for admission and/or continued enrollment at the College; or
2. deny the admission of any student that may pose an imminent or significant risk to the health, safety and welfare of the college community.

If denied admission, an applicant has the right to request an appeal in accordance with the procedures set forth by the Vice President for Student Affairs or designee.

Honors Recognition

TCC is pleased to recognize the academic accomplishments of its students each semester as well as at graduation. Students who have satisfied all of their Developmental Education courses (i.e., college preparatory courses), who enroll in a minimum of at least six (6) credit hours in a term and who complete all college credit hours attempted are eligible for honors recognition for that term. Honors recognition is noted on the official TCC transcript and students are notified via official institutional correspondence.

Only courses that earn quality points can be used to determine eligibility. If courses graded on a Satisfactory/Unsatisfactory basis are taken in addition to those carrying quality points, grades of "S" must be earned. Withdrawals and/or the removal of an "Incomplete" will not be used in determining eligibility for honors recognition.

Eligible students who earn a 4.0 GPA will be placed on the President's List; students who earn at least a 3.5 GPA will be placed on the Dean's List; and students who earn at least a 3.0 GPA will be placed on the Honor's List for that term.

Students who are in college preparatory courses, who enroll in a minimum of at least six (6) hours in a term and who complete all coursework attempted are eligible for merit recognition.Merit recognition is not noted on the official TCC transcript and students are notified via official institutional correspondence.

Federal legislation relating to the Hope Tax Credit requires that all postsecondary institutions report student social security numbers to the Internal Revenue Service. A student may refuse to disclose his or her social security number to the college, but the IRS is then authorized to fine the student in the amount of $50.

In addition to the federal reporting requirements, the public school system in Florida uses social security numbers as a student identifier (section 229.559, Florida Statutes—new school code section 1008.386) for purposes of tracking and assisting students in the smooth transition from one education level to the next. All social security numbers are protected by Family Educational Rights and Privacy Act (FERPA) and are never released to unauthorized parties.
Financial Aid Department
The Financial Aid office will use the student's social security number (SSN) to secure funds awarded, and report funds received by the student from the Federal and State government. In addition, if a student is awarded a student loan and chooses to accept the loan, the SSN will be used to obtain the loan funds from the lender the student specified.

The United States Department of Education (USDOE) Free Application for Federal Student Aid (FAFSA) requires all applicants to report their social security number to be used for all federal financial aid programs as a student identifier for processing and reporting. In addition to its use by USDOE as a student identifier, the social security number is required in order for the Department of Homeland Security to investigate citizenship status, for the Federal Work Study program, and is required on all loan applications for use by the lender/servicer/guarantor.

Sections 483 and 484 of the Higher Education Act of 1965, as amended, give TCC the authority to ask students and their parents these questions and to collect the social security numbers.

Tallahassee Community College welcomes transfer students from other accredited colleges and universities. Transfer credit will be evaluated as to comparability in character, quantity, and quality of courses offered by TCC. Evaluation of transfer credit will involve three primary considerations:

1. The educational quality of the learning experience which the student transfers;
2. The comparability of the nature, content, and level of credit earned to that offered by TCC; and
